let me go through the transects today and we'll have a better idea. You have time to talk? Maybe around 8:30am?

Yes, I need to fill out the sampling sheet for Robert Thompson. I was waiting to see how many locations and depths we were planning to go. Should I fill it out now and estimate 50 locations x 3 samples per location for a 150 samples?

ok, maybe we can talk later about the QAPP. I can help with that if you would like. Does CRL know about the project yet?

Hi Dean:

Attached is the geo-probe SOP if you would like to read it.
